17. Does the Institution have Management Information System ?

Yes

If yes, give a brief descripton and a list of modules currently operational (maximum 500 words)

1. College Intranet: The following information is shared through intranet to all the teaching and non teaching staff: a. Notices and Circulars. b. Examinations Display of Internal Marks, external Marks, old question papers, Model Question papers, Invigilation duties and examination schedules. c. Digital Library Open access to all faculty and students. Digital library consists of Journal, IEEE, ASME, ASCE Journals, Digital Library Journals,

Syllabus books, Lab Manuals, Main Library Catalogue and other ebooks and eJournals. d. Faculty can share data on their Research Activities, through intranet. 2.Campus is connected through WiFi. 3.College Website : The following information is displayed on the college website: a. Online fees payment by students. b. Notifications, Instructions, circulars, results, Exam schedules for students are displayed on college website. c. Departmental related information is displayed under each departmental link. d. Information related to Placements, alumni, infrastructure and achievements are displayed. e. Bulk SMSs are sent to all faculties and students through software

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

As our Institute is affiliated to Shivaji University Kolhapur for Final Year Engineering & MBA also affiliated to Dr. Babasaheb Ambedkar Technological University (BATU) for First Year, Second Year, third Year Engineering. We follow the syllabus prescribed by university for all UG and PG programmes. We follow the academic calendar provided by the University. Also the Calendar of Activities and Academic Calendar are prepared and published at institute level for every semester. All faculty members maintain Academic Diary and Course File for every course in the curriculum. Director receives inputs from IQAC, HOD, Academic Coordinators and Departmental Advisory Board. Based on these inputs co-curricular and extra-curricular activities are planned. Each department prepares their academic calendar according to institute academic calendar. Director conducts a common meeting with all HODs before commencement of every semester. Students are made aware of commencement of semester through common notice and SMS. As per the prescribed syllabus of the University, HOD allocates the teaching load to faculty members who prepare their course plan in-line with the departmental academic calendar. Individual faculty prepares unit-wise course plan before the commencement of semester. The detailed course file with COPO-PSO mapping is prepared by each faculty member. Schedule of internal, external and project examinations are displayed on notice board from time to time. The effective implementation of curriculum is ensured by supplementing classroom teaching with expert lectures, seminars, mini projects, in-house and industry supported projects, industry visits, industrial internships, hands-on-sessions, tutorials, case studies, e-learning, NPTEL lectures, technical quiz, assignments, internal tests etc. IAC ensures the progress of syllabus coverage every fortnight. Defaulters list is displayed every month and schedule for makeup classes are prepared and executed. SMS are sent to the parents of defaulter students. Students' feedback is taken online once in semester. Continuous assessment for Practical, Term work, Projects, Seminars, internal examination, assignment evaluation is being continuously monitored by AC. Academic audit is the part of the teaching learning process which is reviewed by the academic committee.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained
<p>The purpose of this Policy is to provide a framework for obtaining, summarizing and documenting information on student and stakeholder perceptions of the quality and effectiveness of the Institute's curriculum for use in program evaluation, accreditation and other academic quality assurance processes and activities. The scope of this Policy covers all the programs run by ATS's Sanjay Bhokare Group of Institutes Miraj. Specifically, this Policy provides a framework for:</p> <ol style="list-style-type: none"> 1. Monitoring and improving the quality of students' learning experiences through the timely collection, analysis and reporting of student feedback concerning teaching, learning and assessment. 2. Providing students and stakeholders with the opportunity to actively participate in the continual improvement of programs. 3. Recognizing, documenting, supporting and extending good practices for effective implementations of curriculum provided by affiliating University. 4. Ensuring the provision of information to students and stakeholders regarding the consideration of feedback collected over time, including actions taken to address concerns raised in any feedback received. <p>Responsibilities</p> <ul style="list-style-type: none"> • The Academic Coordinator is responsible for the collection, analysis and reporting of stakeholder feedback relating to academic programs. • Coordination of responses to feedback will be the responsibility of the Heads of Departments. <p>Policy Provisions</p> <p>General Provisions</p> <ul style="list-style-type: none"> • All students and stakeholders have the opportunity to provide feedback. • Student feedback is a core component of program evaluation but feedback is also sought from Alumni, Graduates, Parents, Industry partners and Academic peers. • Feedback processes will be systematic, rigorous and respectful of the rights of students and staff and will incorporate strategies to maximize student participation. • Collecting Feedback: • The Institute seeks student feedback in a form which can be captured, analyzed and reported every time a course is delivered through course end survey. • A core set of questions will form the basis of a survey deployed to systematically evaluate teaching and learning in all UG courses. • Actions on summarized feedback: • All the feed backs received from various stakeholders are summarized and analysis is carried out at department level. • Recommendations received from the heads are discussed in HODs meeting and forwarded to management for approval/sanctions. The whole objective of this policy is effective implementation of Curriculum for better learning and continuous improvement of the processes and practices.

CRITERION II – TEACHING- LEARNING AND EVALUATION

2.1 – Student Enrolment and Profile

2.1.1 – Demand Ratio during the year

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Student mentoring system is an interactive activity conducted for students to regular updating of problems /queries faced by them. Mentoring helps to shape an individual's beliefs and values in a positive way. There are many benefits of mentorship in student development that includes communication, interpersonal relationship, technical, verbal, motor and leadership skills along with creative thinking and motivating students for extracurricular activity. It is well understood by faculty through mentor meeting which carried out for every month. The process of mentoring includes appointment of teachers as mentors to the batch of 15 to 20 students of each class. For every semester meeting are held by faculty with students, for that mentor mentee ratio is nearly 1:18. Mentor teacher is in regular touch with their mentee (students). Problem discussed in meetings and reports of all mentors are collected by mentor coordinator. Mentor represents all queries in meeting with HOD and it is further conveyed to director sir for further action. Mentor usually discusses on career planning and opinions on various career track, discuss about oral exams, project thesis, job interview etc. The student is counseled in the necessary areas/ issues where he/she needs mentoring. .Through counseling, individual can explore

alternatives, build on individual strengths and develop new skills. The Mentoring activity at SBGI is helping the students for overall comprehensive development.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Continuous assessment and evaluation help to improve the quality to ensure that the student meets up with the prerequisites expected of a graduate. The college has been affiliated to the DBATU and it adheres to the norms prescribed by the university. The university has both internal and external evaluation to assess the students on various aspects. The students are informed of the internal and external assessment system at the beginning of every academic year through orientation program. The evaluation process includes conducting predeclared

written tests and other method varies from class room discussions, student seminars, presentations, quiz, etc. The tests will be conducted for 40 marks as stipulated by the university norms as CA1(10marks), CA2(10marks) And Midterm test(20marks) calculated as the internal marks. For practical continuous assessment (CA) is carried out for 60Marks based on student's performance and attendance. The students are encouraged to use all the search tools either from the internet or by visiting libraries to think beyond their prescribed text books and explore the plethora of knowledge awaiting them. The evaluation and assessment system adapted by the university and the college is geared toward mapping the individual capabilities of the students to identify the written and oral expression, comprehensiveness and accuracy of information. The college has increased the benefits to the students by adhering strictly to the vision and mission of the institution and improving the quality of the students by the continuous internal evaluation has been the central force behind it.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The institute follows to the Academic Calendar prepared according to the calendar provided by University. Every year we prepare the academic calendar for the institute and also a department wise activity schedule for smooth functioning. This guarantees that the curriculum is improved through related activities like guest lecture and industry interaction. For this academic calendar was prepared and followed for conduct of examination and other activities. The academic calendar is displayed on the institute website and also shared with the head of the departments so as to guarantee proper execution. Being an institute affiliated to Shivaji University/ BATU, we follow the academic schedule provided by the university. The Institute then prepares their own academic calendar for various programs which follow the timelines/guidelines and academic schedule of the affiliating University as well as Institute. Generally, the Shivaji University/ BATU give advices on the following in their academic schedule, along with annual cultural and sports meet schedule. • Beginning of the academic sessions. • Last working day of the semester. • examination schedule. • Annual Sports meet • Annual cultural Fest • theory and Practical examination schedule. • Vacation schedule. The same academic calendar is distributed on institute's website before the commencement of every academic year. Considering the academic calendar, each department functions according to the teaching plan prepared at the department level.

6.1.2 – Does the institution have a Management Information System (MIS)?

Partial

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	The Engineering Programme is affiliated to DBATU University and MBA Programme is affiliated to Shivaji University. The institute does not have academic autonomy and thus has to abide by the curriculum designed by the respective Board of Studies and academic council of the Affiliating University. However, the Faculty is encouraged to add value to the existing courses by way of Value Added Training, bridge module courses for their respective subjects. This applies for every department. The discussions are held in the departmental meeting for up gradation of the curriculum and those inputs are given in the workshops arranged by university. Weightage for practical sessions is the highlight of the syllabus.
Teaching and Learning	The institute's prime focus is on high academic performance, through outcome based learning and evaluation process. 2) Learning is made student centric through series of lectures, seminars, presentations and industrial visits. IQAC helps to maintain and sustain quality parameters of the institute in every aspect of academics. 3) For the effective teaching learning, the process defined is as follows: 4) Preparation of calendar of event and calendar of activities, preparation of course file by individual faculty, preparation of course plan (course wise), maintaining the academic diary throughout semester, weekly report of syllabus coverage, monitoring of monthly attendance, result analysis of internal tests (CA I and II) and final exam, academic Audits. Department wise annual reports are placed before AAC (Academic Advisory Council) and GB (Governing Body) members and are approved by them. Their valuable suggestions are accepted and

implemented. 5) Facilities required for the use of ICT are provided by management. 6) Project exhibition competition for BE students. Prizes are given for best project. 7) Funding is provided for selected projects. 8) Best outgoing student is identified every year from both faculties of engineering as well as management. 9) Effective monitoring of academic processes. Academic audit is arranged once/twice in a semester. 10) As per the result analysis of previous year, strategies are developed at the beginning of semester for improving the result. Also after the final result, remedial classes are arranged for slow learners. 11) Additional remedial/problem solving lectures/study hours for FE students were conducted. 12) The MBA students were given more hands on exposure through case studies, role plays, group discussions, Industrial visits and importantly the two months Summer Internship Programme which is mandatory for all students

Examination and Evaluation

1. Two internal Continuous Assessment Tests are conducted as per the University question paper pattern. Term work (Internal marks) is based on Continuous Assessment Tests marks. 2. Merit scholarships are given to class wise toppers of each branch. 3. Awareness lecture of new exam and term work software implementation for nonteaching staff by Shivaji University. 4. A midtest and a preliminary test was conducted for MBA I and II students for preparing them for the final examination. As per the guidelines the scores in the tests were considered for internal assessment of Students. 5. Apart from the internal test students were evaluated on the basis of their performance in the field assignments like mini-projects, live projects, Seminars and presentations

Research and Development

1. Encouragement is given to faculties for doing PhD. 2. Financial support is provided by the management for presenting research papers in conferences, seminars etc. As well as duty leaves are given for attending seminars, conferences, STTP's etc. 3. Incentives are given for the publication in referred journal. The policy regarding incentives to be given

	to the faculties for project fetched by them is also formed. 4. Establishment of advisory board that can help in the development of R and D cell.

8.Future Plans of Actions for Next Academic Year

Institute has been initiating and implementing various activities to assure and improve quality in the different aspects of academics, co curricular and extracurricular activities, faculty development. Another aspect, institute is focusing is social exposure to students and faculty by conducting extension activities. In view of the vision, mission and core values, institute has planned for following initiatives.1. To apply for NBA Accreditation for UG programs 2. Organize more community service activities to contribute to the wellness of the society Institute is planning to Organize more community service activities to contribute to the wellness of the society. Along with NSS unit, departments are involved in the organization of different social activities. 3. Firm up

collaborations to bridge the gap between academia and industry. Industry is the major stake holder of technical institution. Continuous interaction between technical institution and industry is an essential requirement to enhance an employability of engineering graduates. Institute has been in association with various industries and providing very good industrial exposure to the students. In order to sustain and enhance the interaction with the industries, Institute has planned to focus on interaction with industry with the involvement of every faculty and students as well. Also, planned to firm up association with industry by signing MoU for formal collaboration. More focus through interaction with industry will be to motivate students for industry sponsored projects, for industrial internships.

4. Digitization of library Major activities in library are digitized. To enhance the smooth functioning of library, institute has planned to implement Radio Frequency Identification (RFID) and patron traffic counter system.

5. To obtain autonomous status Institute has taken first step by obtaining grade "A" by NAAC. Further to this, Institute has planned for accreditation of eligible undergraduate courses and next step planned is to go for obtaining autonomous status with getting recognition as institute of excellence.

6. Intensive training for preparing students for competitive examinations Recently, Institute has formulated committee for competitive examinations. This committee will work for providing support to students willing to prepare for various competitive examinations and for creating conducive environment for students for the same.

7. To promote entrepreneurship and innovation through skill development. Institute has developed "Entrepreneurship and Skill Development Cell" and planning for enhanced activities in this area. Skill development will be the focused area for enhancing employability of students. Institute provides inclusive technical education to all deserving students. Institute provides holistic education to develop skills ,knowledge and values through well structural curriculum .
